The Vineyard

Starting with a test acre in 2010, six acres of vineyards planted through 2013, and an additional four acres planted in the Spring of 2014, there are a lot of grape vines being maintained! Our goal is to manage the vineyard in the most sustainable fashion, in the particular terroir that the estate exists in, that can create wines that the region drinks. This reflects many of the grape choices we have made: Noiret, Cornell's Riesling Hybrid, Vidal, Cornell's Hybrid Muscato, Cabernet Franc, Marquette,

... and more!
